INTRODUCTION

The Islamic Society of Folsom is a non-profit organization founded in 1994 in Folsom, it was duly registered with the State of California to serve the Muslim Ummah in Folsom and surrounding regions. ISF traces its roots to early 1992 when a small handful of Muslims started meeting at a local home to offer Friday prayers.

Folsom is a beautiful and newly developed suburb located about 20 miles east of Sacramento and about 120 miles north-east of San Francisco on the way to Lake Tahoe.

Over the last few years, our Muslim community has grown rapidly from a dozen families in 1992 to over 300 families. ISF has endeavored to provide accommodation and programs that this rapidly expanding community needs.

So far we have operated from a series of rented facilities and once again we have out-grown them. We are presently, InshAllah, embarking on a major program for this community.

“Building a Masjid”

The name of this Masjid is “*Masjid Bilal*”. This Masjid is necessary for the Muslim Ummah in Folsom and surrounding areas. With the help of Allah (swt), your Dua, and support, we will succeed in this endeavor, Insha'Allah.
